

# YOU ARE INVITED!

## Open House Faith Builders Educational Programs (Guys Mills, PA) March 24-25, 2007

2007 will mark 25 years since the first meeting about Faith Builders was held. 2007 will also mark 20 years since the first Faith Builders term was offered. In addition, 2007 will mark 15 years since Faith Builders moved to Guys Mills. To celebrate these milestones, we are planning an Open House.

The Open House will begin at 11:45 on Saturday with a delicious grilled chicken lunch. The afternoon will be filled with informative, picture-filled presentations about life at Faith Builders. We'll take a brief look at the history of Faith Builders, and then move to an overview of the current structure and program of Faith Builders. You'll hear about life at Faith Builders, about the Teacher Apprenticeship and Ministry Apprenticeship Programs, and about ways you can be involved in the ministry of Faith Builders. You'll hear about new developments, areas in which we hope to offer more resources to our communities and churches. You'll have opportunities to ask questions. Saturday evening will be a special treat: short programs by the Faith Builders Chorale and an alumni choir, plus Melvin Lehman's "State of the School" Address.

On Sunday morning, we'll hear from men who have been involved with Faith Builders in various ways over the years. Their talks will address issues that face Faith Builders as an educational institution.

We hope that you will be able to join us for this Open House!
