4:00-5:00 Choir Brandon Mullet

Supper 6:00-7:00

THE EARTH IS THE LORD’S, AND THE FULNESS THEREOF; THE WORLD, AND THEY THAT DWELL THEREIN. PSALM 24:1

INSTRUCTORS

Many Summer Term instructors have extensive classroom experience in K-12 schools. Foremost, instructors are selected for a characterizing love of God and His people.

Faith Builders serves the conservative Anabaptist community by discipling people toward humble, joyful, Christ-centered participation in the Kingdom of God.

Faith Builders Educational Programs
June 29 - July 31, 2020

ABOUT SUMMER TERM

Summer Term serves teachers by offering a structured academic experience, practical training, and opportunities for personal growth.

COURSE INFORMATION

Courses may be taken for credit or audited. The suggested workload is 6-8 credits or 2-3 courses. While individual courses vary, students who audit typically do not complete homework, take exams, or receive a grade.

EXPENSES

Costs are based on the number of courses taken, room, meals, and various fees. Many schools invest in the development of their teachers by offering financial support to teachers attending Summer Term.
TEACHING LITERATURE (1) EDU 334
Jonas Sauder
Excellent literature throbs with the pulse of the human heart in its interaction with God’s world. Its riches offer life-shaping insight through story, poetry and biography. This class will offer ways to teach literature that engage the heart, mind, and imagination of pupils, stimulating growth in understanding and wisdom.

CHEMISTRY FOR THE NON-SCIENTIST (3) EDU 221
John Mark Kuhns
This course provides a broad foundation in the methods and findings of science with a particular focus on chemistry. Students will learn foundational ideas of chemistry, such as the atomic structure of matter, principles of chemical reactions, and ideal gas laws. Regular lab exercises will introduce valuable hands-on skills for working safely with dangerous chemicals.

INTEGRATED STUDIES: THE PROGRESSIVE ERA (2) HIS 240
Jonas Sauder
The Progressive Era in the United States, from about 1890-1920, introduced radical changes that influence us to this day. By studying this era with instructors from various disciplines, the student is introduced to the content of each discipline and is able to see how the various fields of study illuminate and build upon each other.

BEGINNING CLASS VOICE (1) MUS 310
Brandon Mullet
Students are instructed in the fundamentals of good singing. This course is designed for anyone who is interested in learning to sing correctly.

WORLD GEOGRAPHY (3) HIS 320
Stephen Russell
This course is a study of the earth, its people, their cultures, and the present geopolitical landscape within the context of their historical developments. The student will be introduced to the concepts of geography, the use of maps, and the physical and human foundations of our contemporary world.

The earth is the Lord’s, and the fullness thereof; the world, and they that dwell therein. Psalm 24:1

The filled area indicates the credit hours awarded for a class. So, this class earns one credit hour.

The earth is the Lord’s, and the fullness thereof; the world, and they that dwell therein. Psalm 24:1
